

## The Yolks are Blue

*Zachary Riley*

security cameras  
examine  
all the customers  
enter their PIN numbers  
using cards from  
banks that hold  
their money  
to see screens read  
transaction approved

customers walk out  
through security scanners  
past security guards  
towards parked cars  
unlocked and started  
with a button or a key

## The Yolks are Blue

drivers fasten seatbelts  
follow road signs  
open gates  
to their driveways  
storing cars in  
automatic door garages

keys go in locks  
opening front doors  
and number codes  
turn off house alarms

some put eggs in the fridge  
and the carton protects  
the eggs and the shells  
protect the yolks

others turn on computers  
with passwords  
and read news websites:  
everything is safe  
everyone is safe  
even the eggs  
but don't be alarmed  
if the yolks are blue
